---

I hate to delay the work but I would like to be there for the groundwater sampling and have had vacation planned for some time now. Since the groundwater sampling has been reschedule anyway and since this is not a full 21 day-notice as stated in the ACO, would it be possible to reschedule the sampling after April 12?

As far as the notification, thank you for the additional clarification. I did not want you to miss something that important so I figured it was worth bring up with the state since it was convenient.

Thanks

Carolyn

Audrey, Carolyn, et al. – Further to our conversation with Carolyn on March 12, 2018, due to weather-related delays with the well purging requested by EPA, we anticipate performing the next round of groundwater sampling from non-vapor intrusion wells on [March 26, 2018](#).

We will keep you apprised of expected timing as the date approaches.

Please let me know if you have any questions.

Thank you.

Craig
